

Third-Grade Supply List 2021-2022 School Year

Below is a list of general supplies all students will need for the third grade. Given that there is limited storage space within our classrooms, we may ask for additional items as they deplete throughout the school year. Thank you in advance for your support.

Individual Supplies: To prevent the spread of germs, we are asking that students maintain individual materials that will not be shared with other students. These materials can be kept in a plastic pencil case that is labeled with your child's name.

Classroom Supplies: These materials will be used by all students in the classroom.
